

Milford Schoology Parent Access

Student ID: 524032

Dear Parents/Guardians of **Isaiah Shannon**

Milford Exempted Village School district uses a Learning Management System (LMS) call Schoology to streamline learning materials for students and parents throughout the district in grades K-12. With Schoology, students can view their class calendar, submit assignments, participate in interactive discussions, receive announcements and feedback, and take assessments. As a parent, you can view your child's activity, calendars and assignments within Schoology. The Schoology Calendar is a place for students and parents to view assignments to help students stay organized and parents stay informed. ProgressBook is still the platform you will use to access student grades.

We value your participation in your child's education, and we encourage you to create a parent account to view your child's Schoology activity. To do this, you will need a Parent Access Code for your child.

The Parent Access Code for **Isaiah Shannon** is:

5TB-BJD-CS6

Instructions on how to create, log into, and use your parent Schoology account are detailed on back of this letter and listed below. More information about Schoology and how to use your parent account is located on the Digital Learning Tools parent webpage: <https://goo.gl/fFYnuy>

Using the Schoology Calendar

This calendar displays events and items with due dates in the child's school, courses, and groups. To find out more information regarding a particular event, place your cursor over the title. A cluetip will appear the event type (assignment, test/quiz, event), the course or group that the event is associated with, the child's name that is associated with that event. Clicking on the event will display profile information popup window.

Navigating between Parent and Student Accounts

This image shows where you can view Schoology as a parent or as a student. As a parent you can view your child's calendar and submitted assignments. Many of the assignments students complete are also located within Google Drive. Have your child show you his/her Google Drive with files they have created for his/her classes.
